# Help Kids India, Inc.

## 2017 Annual Report

**2018 marks Help Kids India's tenth anniversary! We remain deeply committed to our mission: supporting the work of the Betsy Elizabeth Trust (BET) in India.**

Through this funding, HKI...

- **supplied three of BET's five crèches with 100% of their operating expenses**
- gave 170 preschool children education, day care, food, clothing and medical care
- provided transportation to and from school for staff and children, and for medical visits
- supported monthly parent workshops on health, nutrition, parenting and community issues with 90-95% of crèche families voluntarily participating
- enabled BET to employ 24 local women in areas with severe limitations for professional work and development
- helped to keep a crèche health center, which the community uses heavily for primary and midwifery care, open 24/7

To fulfill our commitments to BET and our responsibilities to donors, the HKI Board of Directors...

- remained an all-volunteer board with no paid employees
- moved to cover 100% of HKI administrative costs through board donations
- **remitted 100% of all (non-board) contributions directly to BET in India**
- reviewed BET's audited reports and governmental requirements
- maintained close contact with BET administrators and personnel
- raised through events and personal donations 19% of HKI's 2017 payments to BET
- carried forward sufficient funds for the first two quarters of 2018

**Thanks to our donors and the commitment of our friends at BET in India we are changing lives and bringing hope.**

Be the change you want to see in the world.
